Hello Anthony,

Yes, you are correct in that I have replaced Nick regarding payables.

I understand your concern regarding payment of outstanding invoices, however, at this time I cannot give you a date that payment will be made for the invoices. We are working through some issues and hope to be able to get you paid as soon as possible. At this time I do not have approval to pay the invoices in question but have forwarded the request to management. I will update you as soon as I hear something back from them.

I need to remind you we have a contract, we provided a service and billed you for that service and have not been paid for those services for 8 months

So I am not clear what further approvals you keep mentioning you are waiting for !!!

I need a better answer

Hello Corey,

Thank you for your reply.

If you go through the SOA some invoices more than 5 months due, I am sure you have your issues and we have our own cash flow problems to deal with hence its unfair we have to wait to 5 to 6 months to be paid for no fault of ours.

We have been extremely accommodative and patient with AMD and hope you find a solution to have us paid this week.

I don't think we can wait longer.

Thank you
